Jakarta, Indonesia | +6282178599117 | muhrifaldi26@gmail.com | [LinkedIn](#) | [Github](#)

SUMMARY

Software Engineer with professional experience building web and mobile applications using JavaScript/TypeScript, React, Vue.js, Flutter, and Node.js. Experienced in SaaS customization, including developing custom solutions for Kintone using JavaScript APIs and integrations. Skilled in frontend and backend development with tools like Firebase, Express.js, and modern CSS/HTML. I adapt quickly to new technologies and focus on writing clean, maintainable code. Looking for a development role where I can solve real problems and grow alongside a solid team.

EDUCATION

Hacktiv8 (Final Score 93/100) ([Score Transcript](#)) **Jakarta, Indonesia**
Full Stack JavaScript Immersive Program (Honor Award) 2022

Jambi University (GPA 3.1/4) **Jambi, Indonesia**
Bachelor of Medicine 2014 – 2019

WORK EXPERIENCE

AsiaQuest Indonesia **November 2023 – Present**
Middle JavaScript Developer *Jakarta, Indonesia*

- Develop custom applications for Kintone SaaS, tailored to the needs of large corporate clients, primarily from Japan.
- Implement client-specific solutions using JavaScript/TypeScript and integrate with Vue.js/React.js for enhanced functionality and interface
- Demonstrate versatility and quick learning by adapting to diverse client requirements and customizing applications accordingly.

Qios Teknologi Indonesia **March 2023 – November 2023**
Android Developer *Jakarta, Indonesia*

- Developed a multi-purpose Flutter kiosk app for Android. Customers use it to order restaurant meals, pay gym fees, or handle hospital billing, all through one touchscreen interface.
- Designed an intuitive, user-centered UI and integrated secure payment gateways, streamlining transaction flows and markedly improving speed, accuracy, and overall customer satisfaction.
